Our mission

To create a community for young professionals in China to gain knowledge, develop leadership skills and network with the greater pipeline industry

Our objectives

- Build a community and platform for young pipeline professionals to learn and network;
- Establish an effective mentor-mentee program for knowledge sharing;
- Create training and leadership opportunities for the next generation of pipeline professionals;
- Foster relationships and build a network for the advancement of the industry including university, associations, pipeline operators;
- Reserve professional talents for the development of the pipeline industry.

Why join?

- Networking with young pipeline professionals;
- Technical and leadership skills training through media promotion, workshops, and annual symposiums;
- Discounts on training courses;
- Leadership opportunities within YPP China and pipeline industry;
- Research&Development programs and foundations;
- Scholarships and internships for talented students.

Who can join?

- Ordinary members.
Be no more than 35 years of age in the membership year.
- Cooperator members
Pipeline owners or service providers serving the pipeline industry.
- Student members
High grade undergraduates and graduate students studying related to the pipeline industry.
